

ERF UNPLUGGED

Attention, ERF Singers & Musicians!!

An evening of acoustic-oriented musical entertainment and audience participation as part of the ERF festivities

PROVIDENCE
2007

Monday, Nov. 5 @ ERF
Good Music, Good Company, Cheap Drinks!

Featuring: the ERFtones

The ERF UNPLUGGED house band of talented musicians from coastal and environmental programs. The ERFtones will kick the evening off by performing a selection of lively songs from across the musical spectrum (folk, rock, blues, etc.).

But that's not all - WE WANT YOU!!

The talented, semi-talented and even the not-so-talented to share the spotlight!!! We are looking for spirit and entertainment, not perfection. Get up and belt out that song you have always wanted to sing or strum that six-string!

The ERFtones will become your backup band! **(sort of a live karaoke thing)**

For ERF participants who wish to perform (ERF Idols?), please send a chord chart, lyrics and MP3 (<10MB) of the song you selected by August 15 to ERFtones@yahoo.com. This allows enough time for the band to learn and arrange the songs. Please select songs that can be performed with basic band instrumentation (vocals, guitars, bass, keys, percussion – no glockenspiels, please). A professional sound system and extra instruments will be available for those who want to join in or you can also perform solo or with your own group of musicians!

All performers will receive a special ERF UNPLUGGED 2007 **tee shirt** – sure to be a coveted item at future ERF conferences. For more information, contact ERFtones@yahoo.com.

Of course, as the night progresses, we know that many of you will decide to step into the spotlight and perform – the band will improvise to accommodate your needs.

See you in November (that's from a song, isn't it?)!!
